

JOHN DOE

System Administrator / Network Engineer

555-0123 • john.doe@example.com • <https://www.linkedin.com/in/johndoe> • Chicago, IL

Summary

As a System Administrator and Network Engineer with over 4 years of experience, I excel in managing enterprise networks and IT infrastructure. My expertise spans Windows and Linux server administration, network configuration using Cisco and Juniper, and cloud networking with AWS. I take pride in improving uptime, implementing security patches, and optimizing network performance, contributing to overall operational excellence.

Experience

Tech Solutions Inc.

Chicago, IL

System Administrator / Network Engineer

06/2020 - Present

A leading IT solutions provider specializing in network design and management.

- Managed and optimized enterprise network infrastructure, achieving 99.9% uptime.
- Implemented security patches across all server environments, reducing vulnerabilities by 30%.
